Preface xv  
Acknowledgements xix

## **PART ONE Foundations of Management Accounting 1**

Chapter 1 Why Management Accounting Matters 3  
Chapter 2 Cost Concepts and Classifications 27  
Chapter 3 Cost Estimation and Regression Analysis 57

## **PART TWO Costing 85**

Chapter 4 Traditional Product-Costing Methods: Job-Order Costing 87  
Chapter 5 Traditional Product-Costing Methods: Process Costing 119  
Chapter 6 Activity-Based Costing 161  
Chapter 7 Inventory-Valuation Approaches:  
Absorption Costing and Variable Costing 193

## **PART THREE Decision Making 225**

Chapter 8 Cost-Volume-Profit Analysis 227  
Chapter 9 Relevant Costs and Revenues  
for Short-Term Decision Making 257

## **PART FOUR Performance Management 283**

Chapter 10 Performance Management – Theoretical Aspects 285  
Chapter 11 Master Budgeting – Basic Quantitative Issues 313  
Chapter 12 Basic Variance Analysis 345

References and Further Reading 371  
Frequently Used Symbols 375

| <b>Preface</b> .....  | <b>xv</b>  |
| <b>Acknowledgements</b> .....   | <b>xix</b> |
| <br>  |            |
| <b>PART ONE</b>   |            |
| <b>Foundations of Management Accounting</b> .....   | <b>1</b>   |
| <b>Chapter One</b>  |            |
| <b>Why Management Accounting Matters</b> .....  | <b>3</b>   |
| 1. What is Management Accounting? .....   | 3          |
| 1.1. Defining Management Accounting .....   | 3          |
| 1.2. Comparing Management Accounting and Financial Accounting .....                                     | 5          |
| 2. Why Study Management Accounting? .....   | 7          |
| 3. Management Accounting Practice Today .....   | 8          |
| 3.1. The Business Context of Management Accounting .....  | 8          |
| 3.2. The Principles of Management Accounting .....  | 15         |
| Appendix 1A: Brief History of Management Accounting .....   | 18         |
| Appendix 1B: Management Accounting and the Professional Qualifications .....                            | 20         |
| Appendix 1C: Institute of Management Accountants (IMA) Statement of Ethical Professional Practice ..... | 24         |
| <br>  |            |
| <b>Chapter Two</b>  |            |
| <b>Cost Concepts and Classifications</b> .....  | <b>27</b>  |
| 1. Costs versus Expenses .....  | 27         |
| 2. Cost Concepts .....  | 28         |
| 2.1. Cost Pool and Cost Object .....  | 28         |
| 2.2. Cost Accumulation and Cost Assignment .....  | 29         |
| 3. Cost Classification for Cost Assignment .....  | 29         |
| 3.1. Direct Costs and Indirect Costs .....  | 30         |
| 3.2. Relativity of Direct/Indirect Cost Classifications .....   | 30         |
| 4. Cost Classifications by Business Functions .....   | 30         |
| 4.1. Manufacturing Costs and Nonmanufacturing Costs .....   | 31         |
| 4.2. Prime Costs and Conversion Costs .....   | 32         |
| 5. Cost Classification for Inventory Valuation and Profit Measurement .....                             | 32         |
| 5.1. Product Costs and Period Costs .....   | 33         |
| 5.2. Product Cost Flows and Period Cost Flows in Manufacturing Settings .....                           | 33         |
| 5.3. Product Cost Flows and Period Cost Flows in Nonmanufacturing Settings .....                        | 38         |
| 5.4. Integrated Summary of Product Costs and Period Costs .....   | 38         |
| 6. Cost Classification for Planning .....   | 40         |
| 6.1. Variable Costs .....   | 41         |
| 6.2. Fixed Costs .....  | 43         |
| 6.3. Mixed Costs .....  | 44         |
| 6.4. The Problem with Unit Costs .....  | 45         |
| 6.5. Relationships Between Cost Classifications .....   | 47         |
| 7. Cost Classification for Decision Making .....  | 48         |
| 7.1. Relevant Costs .....   | 48         |
| 7.2. Sunk Costs .....   | 48         |

|  |    |
|--|----|
| 7.3. Opportunity Costs.....                                  | 48 |
| 8. Cost Classification for Management Control.....           | 49 |
| 8.1. Controllable Costs.....                                 | 49 |
| 8.2. Noncontrollable Costs.....                              | 50 |
| 9. Accounting for Costs: Three Key Purposes.....             | 50 |
| 10. Ethical Issues in Cost Classification.....               | 50 |
| Appendix 2A: Variable Costs and Fixed Costs in Practice..... | 54 |

### **Chapter Three**

|   |           |
|---|-----------|
| <b>Cost Estimation and Regression Analysis.....</b>                   | <b>57</b> |
| 1. Cost Behavior Patterns and Cost Estimation.....                    | 57        |
| 2. The Cost Driver Concept.....                                       | 58        |
| 3. General Assumptions in Cost Estimation.....                        | 59        |
| 4. Non-Statistical Cost Estimation Methods.....                       | 59        |
| 4.1. Engineering Method.....  | 60        |
| 4.2. Account Analysis Method.....                                     | 60        |
| 4.3. Scattergraph Method.....   | 60        |
| 4.4. High-Low Method.....   | 63        |
| 5. Statistical Regression Analysis in Cost Estimation.....            | 66        |
| 5.1. Simple Linear Regression (Least-Squares Technique).....          | 66        |
| 5.2. Coefficient of Determination and Coefficient of Correlation..... | 69        |
| 5.3. Standard Error of the Estimate and Confidence Intervals.....     | 73        |
| 5.4. Multiple Regression.....   | 75        |
| 5.5. Practical Issues in Performing Regression Analyses.....          | 76        |
| 6. Integrated Summary of Cost Estimation Methods.....                 | 77        |
| 7. Ethical Issues in Cost Estimation.....                             | 78        |
| Appendix 3A: Regression Analysis Using Microsoft Excel.....           | 80        |
| Appendix 3B: Partial Table of the <i>t</i> Distribution.....          | 82        |

## **PART TWO**

|                     |           |
|---------------------|-----------|
| <b>Costing.....</b> | <b>85</b> |
|---------------------|-----------|

### **Chapter Four**

|   |           |
|---|-----------|
| <b>Traditional Product-Costing Methods: Job-Order Costing.....</b>      | <b>87</b> |
| 1. Introduction to Product Costing: Three Key Questions.....            | 87        |
| 2. Fundamentals of Job-Order Costing.....                               | 90        |
| 3. The Overhead Rate Concept.....                                       | 94        |
| 4. General Approach to Job-Order Costing Using Predetermined Costs..... | 96        |
| 4.1. Job-Order Costing Illustrated.....                                 | 96        |
| 4.2. Overapplied and Underapplied Overhead.....                         | 102       |
| 4.3. Methods of Disposing Overapplied or Underapplied Overhead.....     | 102       |
| 5. Job-Order Costing in Multiple Departments.....                       | 104       |
| 6. Job-Order Costing in Nonmanufacturing Settings.....                  | 107       |
| 7. Spoilage and Rework in Job-Order Costing.....                        | 108       |
| 8. Ethical Issues in Job-Order Costing.....                             | 109       |
| Appendix 4A: Journal Entries in Job-Order Costing.....                  | 111       |
| Appendix 4B: Job-Order Costing Using Actual Costs.....                  | 115       |

**Chapter Five**

|   |            |
|---|------------|
| <b>Traditional Product-Costing Methods: Process Costing</b> ..... | <b>119</b> |
| 1. Fundamentals of Process Costing .....                          | 119        |
| 2. The Equivalent Unit Concept .....                              | 121        |
| 3. General Approach to Process Costing Using Actual Costs .....   | 123        |
| 4. Process Costing in the Initial Department .....                | 123        |
| 4.1. Weighted-Average Method .....                                | 124        |
| 4.2. First-In, First-Out (FIFO) Method .....                      | 128        |
| 4.3. Comparing the Weighted-Average and FIFO Methods .....        | 133        |
| 5. Process Costing in Subsequent Departments .....                | 134        |
| 5.1. Weighted-Average Method and Transferred-In Costs .....       | 135        |
| 5.2. FIFO Method and Transferred-In Costs .....                   | 137        |
| 6. Spoilage in Process Costing .....                              | 140        |
| 6.1. Weighted-Average Method and Spoilage .....                   | 140        |
| 6.2. FIFO Method and Spoilage .....                               | 143        |
| 7. Hybrid-Costing Systems .....                                   | 144        |
| 8. Ethical Issues in Process Costing .....                        | 145        |
| Appendix 5A: Journal Entries in Process Costing .....             | 148        |
| Appendix 5B: Process Costing Using Predetermined Costs .....      | 150        |
| Appendix 5C: Operation Costing .....                              | 153        |

**Chapter Six**

|   |            |
|---|------------|
| <b>Activity-Based Costing</b> .....                                   | <b>161</b> |
| 1. Problems with the Traditional Costing Methods .....                | 161        |
| 2. Fundamentals of Activity-Based Costing (ABC) .....                 | 162        |
| 3. ABC-Related Concepts .....   | 165        |
| 3.1. Activity .....   | 165        |
| 3.2. Activity Cost Pool .....   | 165        |
| 3.3. Activity Cost Driver (or Cost-Allocation Base) .....             | 165        |
| 3.4. Cost Hierarchy .....   | 166        |
| 4. General Approach to Activity-Based Costing .....                   | 167        |
| 5. Comparison of Traditional and Activity-Based Costing Systems ..... | 175        |
| 6. Advantages and Disadvantages of ABC systems .....                  | 178        |
| 7. Application of ABC systems .....                                   | 179        |
| 8. Ethical Issues in Activity-Based Costing .....                     | 180        |
| Appendix 6A: Journal Entries in Activity-Based Costing .....          | 183        |
| Appendix 6B: Time-Driven Activity-Based Costing .....                 | 185        |
| Appendix 6C: Activity-Based Management .....                          | 191        |

**Chapter Seven**

|  |            |
|--|------------|
| <b>Inventory-Valuation Approaches: Absorption Costing and Variable Costing</b> .....         | <b>193</b> |
| 1. Introduction to Absorption and Variable Costing .....                                     | 193        |
| 2. Two Conceptual Formats of Income Statement .....  | 194        |
| 2.1. The Function-of-Expense Format Income Statement (Absorption Costing Presentation) ..... | 195        |
| 2.2. The Contribution-Margin Format Income Statement (Variable Costing Presentation) .....   | 196        |
| 3. General Approach to Absorption and Variable Costing Using Actual Costs .....              | 197        |

|                      |  |            |
|----------------------|--|------------|
| 3.1.                 | Absorption Costing .....   | 198        |
| 3.2.                 | Variable Costing .....   | 200        |
| 3.3.                 | Comparing Absorption and Variable Costing .....  | 202        |
| 4.                   | General Approach to Absorption and Variable Costing Using Predetermined Costs .....  | 204        |
| 4.1.                 | Absorption Costing .....   | 205        |
| 4.2.                 | Variable Costing .....   | 211        |
| 4.3.                 | Comparing Absorption and Variable Costing .....  | 211        |
| 5.                   | Advantages and Disadvantages of Absorption and Variable Costing .....  | 211        |
| 6.                   | Application of Absorption and Variable Costing .....   | 213        |
| 7.                   | Ethical Issues in Absorption and Variable Costing .....  | 214        |
|                      | Appendix 7A: Throughput Costing .....  | 216        |
|                      | Appendix 7B: Allocating Actual Fixed Manufacturing Overheads for External-Reporting Purposes: The Requirements of IAS 2 <i>Inventories</i> ..... | 218        |
|                      | Appendix 7C: Allocating Budgeted Fixed Manufacturing Overheads for Internal-Reporting Purposes: Predetermined Rates and Capacity Concepts .....  | 221        |
| <b>PART THREE</b>    |  |            |
|                      | <b>Decision Making</b> .....   | <b>225</b> |
| <b>Chapter Eight</b> |  |            |
|                      | <b>Cost-Volume-Profit Analysis</b> .....   | <b>227</b> |
| 1.                   | Fundamentals of Cost-Volume-Profit Analysis .....  | 227        |
| 2.                   | The Contribution Margin Concept .....  | 228        |
| 3.                   | CVP Analysis and Break-Even Point .....  | 229        |
| 3.1.                 | Analytical Method .....  | 230        |
| 3.2.                 | Graph Method .....   | 233        |
| 4.                   | CVP Analysis and Return .....  | 234        |
| 4.1.                 | Target Operating Income .....  | 235        |
| 4.2.                 | Scenario Analysis .....  | 236        |
| 5.                   | CVP Analysis and Operating Risk .....  | 237        |
| 5.1.                 | Margin of Safety .....   | 237        |
| 5.2.                 | Operating Leverage .....   | 239        |
| 5.3.                 | Sensitivity Analysis .....   | 242        |
| 6.                   | Multi-Product CVP Analysis .....   | 244        |
| 6.1.                 | Analytical Method .....  | 244        |
| 6.2.                 | Graph Method .....   | 246        |
| 7.                   | Assumptions in CVP Analysis .....  | 247        |
| 8.                   | Ethical Issues in CVP Analysis .....   | 248        |
|                      | Appendix 8A: Operating Leverage, Financial Leverage, and Total Leverage .....  | 251        |
| <b>Chapter Nine</b>  |  |            |
|                      | <b>Relevant Costs and Revenues for Short-Term Decision Making</b> .....  | <b>257</b> |
| 1.                   | Fundamentals of Short-Term Decision Making .....   | 257        |
| 2.                   | Two Conceptual Approaches in Short-Term Decision Making .....  | 258        |
| 2.1.                 | The Relevant-Information Approach .....  | 258        |
| 2.2.                 | The Contribution-Margin Approach .....   | 259        |
| 3.                   | General Model of Short-Term Decision Making .....  | 260        |
| 4.                   | Adding/Dropping Operating Segments .....   | 263        |

|      |  |     |
|------|--|-----|
| 4.1. | Essence and Application .....  | 263 |
| 4.2. | Relevant Costs and Revenues. Capacity Considerations .....                 | 263 |
| 4.3. | Additional Considerations .....  | 267 |
| 5.   | Make-or-Buy Decisions .....  | 268 |
| 5.1. | Essence and Application .....  | 268 |
| 5.2. | Relevant Costs and Capacity Considerations .....                           | 269 |
| 5.3. | Additional Considerations .....  | 272 |
| 6.   | Pricing One-Time-Only Special Orders .....                                 | 273 |
| 6.1. | Essence and Application .....  | 273 |
| 6.2. | Relevant Costs and Revenues. Capacity Considerations .....                 | 273 |
| 6.3. | Additional Considerations .....  | 277 |
| 7.   | Ethical Issues in Short-Term Decision Making .....                         | 277 |
|      | Appendix 9A: The Relevant Costs of Direct Materials and Direct Labor ..... | 280 |
|      | Appendix 9B: Pricing Decisions in the Long-Run .....                       | 281 |

## **PART FOUR**

### **Performance Management ..... 283**

#### **Chapter Ten**

### **Performance Management – Theoretical Issues ..... 285**

|      |   |     |
|------|---|-----|
| 1.   | Fundamentals of Budgeting .....                                     | 285 |
| 1.1. | Budgeting and the Overall Planning Process .....                    | 285 |
| 1.2. | Functions of Budgeting. Advantages and Disadvantages .....          | 287 |
| 2.   | An Administrative Framework for Budgeting .....                     | 288 |
| 2.1. | Budget Committee and Budget Manual .....                            | 288 |
| 2.2. | Budget Period .....   | 289 |
| 2.3. | Top-Down vs. Bottom-Up Budget Setting .....                         | 289 |
| 2.4. | Stages of the Budgeting Process .....                               | 290 |
| 2.5. | Sources of Information in Budgeting .....                           | 291 |
| 3.   | Approaches to Budgeting .....                                       | 292 |
| 3.1. | Incremental Budgeting .....   | 292 |
| 3.2. | Zero-Based Budgeting .....  | 292 |
| 3.3. | Rolling Budgets .....   | 293 |
| 3.4. | Kaizen Budgeting .....  | 293 |
| 4.   | Fundamentals of Performance Management .....                        | 293 |
| 4.1. | Defining Performance Management .....                               | 294 |
| 4.2. | Feedback and Feed-Forward Controls .....                            | 294 |
| 5.   | Elements of Performance Management Systems .....                    | 294 |
| 5.1. | Formal Planning Process .....                                       | 295 |
| 5.2. | Decentralization and Responsibility Accounting .....                | 295 |
| 5.3. | Performance Measurement and Performance Evaluation .....            | 298 |
| 5.4. | Compensation and Reward .....                                       | 302 |
| 5.5. | Informal Control System .....                                       | 303 |
| 6.   | Human Challenges and Ethical Issues in Performance Management ..... | 303 |
|      | Appendix 10A: Contemporary Approaches to Budgeting .....            | 308 |

#### **Chapter Eleven**

### **Master Budgeting – Basic Quantitative Issues ..... 313**

|    |   |     |
|----|---|-----|
| 1. | The Master Budget Concept .....                               | 313 |
| 2. | Two Bases of Accounting in Developing the Master Budget ..... | 316 |

|       |  |     |
|-------|--|-----|
| 2.1.  | Accrual Accounting.....  | 316 |
| 2.2.  | Cash-Basis Accounting .....  | 316 |
| 3.    | Developing the Master Budget.....  | 316 |
| 3.1.  | The Sales Budget.....  | 318 |
| 3.2.  | The Production Budget.....   | 319 |
| 3.3.  | The Direct Materials Purchases Budget and Direct Materials Usage Budget..... | 320 |
| 3.4.  | The Direct Labor Budget .....  | 323 |
| 3.5.  | The Manufacturing Overhead Budget.....                                       | 324 |
| 3.6.  | The Cost of Goods Manufactured and Sold Budget.....                          | 326 |
| 3.7.  | The Selling and Administrative Expenses Budget .....                         | 328 |
| 3.8.  | The Budgeted Income Statement.....   | 330 |
| 3.9.  | The Cash Budget.....   | 330 |
| 3.10. | The Budgeted Balance Sheet.....  | 336 |
| 4.    | Budgeting in Nonmanufacturing Settings.....                                  | 338 |
| 5.    | Budgeting under Uncertainty .....  | 338 |
| 5.1.  | Sensitivity Analysis .....   | 338 |
| 5.2.  | Scenario Analysis .....  | 339 |
| 6.    | Ethical Issues in Master Budgeting.....                                      | 340 |
|       | Appendix 11A: Methods of Sales Forecasting.....                              | 343 |

## **Chapter Twelve**

|      |   |            |
|------|---|------------|
|      | <b>Basic Variance Analysis .....</b>                            | <b>345</b> |
| 1.   | Introduction to Variance Analysis.....                          | 345        |
| 2.   | The Flexible Budget Concept.....                                | 346        |
| 3.   | The Standard Costs Concept.....                                 | 349        |
| 4.   | General Approach to Cost Variance Analysis .....                | 352        |
| 5.   | Direct Materials Variances .....                                | 354        |
| 5.1. | Materials Usage Variance .....                                  | 355        |
| 5.2. | Materials Price Variance.....                                   | 355        |
| 6.   | Direct Labor Variances .....                                    | 356        |
| 6.1. | Labor Efficiency Variance.....                                  | 356        |
| 6.2. | Labor Rate Variance.....  | 357        |
| 7.   | Variable Manufacturing Overhead Variances .....                 | 357        |
| 7.1. | Variable Overhead Efficiency Variance .....                     | 357        |
| 7.2. | Variable Overhead Rate Variance.....                            | 358        |
| 8.   | Fixed Manufacturing Overhead Variances.....                     | 359        |
| 8.1. | Fixed Overhead Spending Variance.....                           | 359        |
| 8.2. | Production-Volume Variance .....                                | 360        |
| 9.   | Integrated Variance Analysis .....                              | 362        |
| 9.1. | Integrated Summary of Cost Variance Analysis .....              | 363        |
| 9.2. | Variance Reports.....   | 364        |
| 9.3. | Interdependencies among Variances .....                         | 365        |
| 9.4. | Insufficiency of Variance Analysis .....                        | 366        |
| 10.  | Ethical Issues in Variance Analysis .....                       | 366        |
|      | Appendix 12A: Effects of Inventories on Variance Analysis ..... | 368        |
|      | Appendix 12B: Types of Standards.....                           | 370        |
|      | <b>References and Further Reading.....</b>                      | <b>371</b> |
|      | <b>Frequently Used Symbols .....</b>                            | <b>375</b> |
